It focuses mainly on students development like communication skills, conceptual understanding and apply wider thinking. This curriculum provides ready-made lesson plans for the teachers which helps the teachers to prepare and execute the lessons effectively in the classroom. It emphasizes

Mere pehle shikshan anubhav ne mujhe es bare mein bahut kuch sikhaya ki shishak hone ka kya arth hai aur ek bhavi shishak ke rup mein apne bare mein bahut kuch . Mein apne chatron ko jo kuch bhi chota gyan dekhta hu,usse pradan karna vastav mei ek samman ki baat thi. Lekin agar mujhe iske tulna apne chatron aur sahyogiyong se prapt gyan aur anubhav se karni hai, toh yah vastav mein bahut kam hoga . Sirf woh hi nahi balki shishak ke roop mein maine jo sabse acchi chije sikhi hai , veh hai dharya , drirta aur chatron ko sambhalne ka prabandhan . Ek shikshak ke roop mein mera pesha mere sathiyong ke bina bahut niras hota .

Aant mein mere jeevan mein mulya jodhne aur mujhe yaadong se bhara bag dene ke liye mein yahan maujud aap sabhi ko dhanyavad dena chahti hu . Mein apna sabhi chatron ke prati apni hardik kritagyata vyakt karti hu aur unke bhavishya ke prayasong ke liye apni subhkamnaye bhejta hu. Mera maanna hai ki aap mein se pratyak rattan hai aur yahan ekkatrit shiksha ko samridh ke uuch star par leh jayega.

Sovina, Science Asst. Teacher

The 1st day I stepped onto the premises of this school as a teacher was indeed a significant day in my life. 3 years have elapsed full of events, memories, emotions and accomplishments. My occupation as a teacher would have been very bland without my students and supporting faculty. The administration have always been very motivating and helpful which inspired me to give my best efforts. Thank you for being so supporting and helping me on this journey. I would never forget the professional lessons taught by this institution and would forever cherish the time I have spent here in RKS. Although, I joined in as a teacher here but over the years, I became a student too as I get to learn many things from my students. I will miss the hustle-bustle of the morning to reach school, and I will also miss my students smile as they attend my class or pass me by the corridor. Lastly, I would like to end my note with a quotation for my students said by Frank Ocean-“Work hard in silence, let success make the noise”.

Parents Review and Testimonial

Having learnt about the experience of the school, I took admission for my child which had fulfilled my imagination about the school within a short span of time. The school has well trained and qualified teachers which is one of the essential attributes of the school. Apart from classroom teaching, it also focuses on sports and other co-curricular activities which have a lot to do with the mental and physical health of a student. I am also quite impressed by the periodical assessment of a student's progress which they update us from time to time. One great appreciation is that they guide and take good care while picking and dropping our kids to their destination which ease our worries about their safe return. Now coming to the current situation, where pandemic has thrown us out of gear, online class won't be so fruitful as compared to classroom teaching. However, in this domain also the school is successfully managing to keep pace with the academic schedule as well as to teach and check each and every pupil with regards to discipline and diligence in their studies. The excellence of the school is such that the list goes on. Thus, from the few points I have mentioned, I would say that it is one of the best schools I have ever seen and experienced and I do recommend this school to those parents who are in search of a decent and attractive school that aims at quality education.
